MEOW KLOUD

Meow Kloud is a design-driven stainless steel drinkware brand under the management of Mega Elite Global Limited (Hong Kong). We combine creative design, dependable manufacturing, and global trade experience to deliver beautiful, functional, and customizable drinkware for our international partners.

At the heart of our operations lies our manufacturing base in Quzhou, Zhejiang — a region renowned for its stainless steel expertise and precision production.

Our facility is equipped with advanced machinery for vacuum insulation, welding, polishing, powder coating, silkscreen printing, UV printing and laser engraving, supported by semi-automated production lines and a skilled technical team.

Every stage of production follows strict AQL inspection standards and is audited annually by Intertek for quality assurance and social compliance under Sedex (SMETA) requirements.

Our products are tested to meet international safety standards, including FDA, LFGB, and BPA-free certifications, ensuring suitability for markets across North America, Europe, Australia, and beyond.

The facility also features a dedicated sampling and customization workshop, enabling rapid prototyping, logo application, and flexible small-batch production to meet diverse client requirements.

By integrating Zhejiang's manufacturing excellence with Shenzhen's design innovation and Hong Kong's management oversight, Meow Kloud provides a seamless, one-stop solution from concept development to shipment.

We proudly serve global clients with:

- Existing Product Customization – A wide variety of stainless steel drinkware designs with flexible logo and packaging options.
- Full OEM/ODM Solutions – Complete customization of body shape, finish, and lid design for brand-specific projects.

As we continue to grow, Meow Kloud remains committed to innovation, reliability, sustainability, and long-term partnerships — creating stainless steel drinkware that blends modern design with uncompromising quality..

MANUFACTURING

Our advanced production facility operates with cutting-edge technology, ensuring high efficiency and adherence to the strictest quality standards, which allows us to guarantee timely delivery and superior products.

DESIGN

Our design team consistently stays ahead of global trends, developing innovative, market-responsive designs. We offer a wide range of customization options to meet the unique requirements of our clients.

QUALITY CONTROL

Each product undergoes stringent testing and quality checks, ensuring that it meets rigorous standards for durability, safety, and performance.
